

VILLAGE FINE ART PRINTING

Village Fine Art Printing, located inside The Village Art Studio, benefits artists, art instructors and photographers. On site we have the HP Designjet Z3200ps printer that produces accurate gallery-quality black-and-white and color prints. We use only genuine HP Vivera pigment based inks and print heads, providing a wide color gamut, and prints with over 200 years fade resistance.

SERVICES AVAILABLE

Scanning or photographing original artwork for the artist

**Prints on canvas, fine art paper, photo paper,
or plain paper, up to 44 inches wide**

Stretching canvases on 3/4 inch or 1 1/2 inch stretcher bars
